MACOMB COUNTY CAN HELP VETERANS GET THEIR MEDALS

MOUNT CLEMENS, Mich. – The Macomb County Veterans Services Department is looking for veterans who were awarded medals but never received them.

Rich Weaver, director of Veterans Services, has helped veterans get their medals in the past and said he wants to continue his efforts on a larger scale.

“It’s just a shame that these veterans, who served their country so bravely were never given the medals they earned,” said Weaver. “It’s time we pay them back for their dedication and sacrifice. Getting them their medals is the least we can do.”

Macomb County veterans who were awarded medals but never received them should contact Weaver at 586-469-5315. Veterans must be able to produce their DD214 form to confirm their decorations.
